# FIT PROJECT PROGRAM SYLLABUS

Financial Literacy and New Business Models to  
boost women Entrepreneurship Possibilities

The program syllabus for Erasmus+ funded FIT Project (Financial Literacy and New Business Models to Boost Women Entrepreneurship Possibilities) has been finalised and released for public access.

The syllabus of the FIT PROGRAM has been prepared to help educators in understanding the topics and structure of the program, the different elements and how they fit together to offer a unique experience to the participants. The aim of this syllabus is ensuring that educators have a clear understanding of the overall process and how they can organise it appropriately, ensuring the same quality and impact as intended by its creators.

01.

## **FIT Program Syllabus**

FIT PROGRAM syllabus will be the basis for the FIT learning program; indicating the learning objectives; the circulation of the online and offline lessons; responsibilities; and, also expectations. In addition, a precise framework for skills development and assessment will be developed, which on a later stage will ensure the FIT learning program's quality and standartization.

deliver the FIT program.

# TRANSNATIONAL PARTNER MEETING

**Barcelona**

**08.02.2022 - 09.02.2022**

The FIT consortium were hosted by Meet n Map for the 2nd Transnational Partner Meeting in beautiful Barcelona on the 8th and 9th of February, 2022.

The focus of the meeting was on the projects Intellectual Outputs, in particular, the review and finalisation of *IO2 Modular E-Course* and further discussions in order to clarify the next steps necessary for the successful completion of the *FIT Thematic Session Guidebook*. The meeting was also another opportunity to strengthen the relationships between partners which had proven difficult to do since face to face meetings reached many new challenges during COVID. The partners are unanimously confident in their next steps forwards for the progression of the projects results and continue to work efficiently as a team.
