FIT Modular E-Course

Financial literacy and new  
business models to boost women  
entrepreneurship possibilities

[Continue](#)

The FIT PROGRAMME employs circular economy and financial literacy to support WOMEN in gaining the entrepreneurial skills their need to start or re-shaping their business.

## Final stages of the piloting process!

During the period of May and June, we were glad to invite women to participate in a pilot process, during which different topics were taught: finance, circular economy, leadership, marketing, networking and etc. More than 100 European women increased their entrepreneurs' business planning skills, financial literacy and entrepreneurial mindset.

## Multiplier events are happening!

The final events of the project FIT are planned in June and July in Italy, Spain, Poland, Malta, Lithuania and Greece! The programme of the events contains:

- Presentation of the project and of all the partner organizations.
- Introduction to project activities (local activities and lessons learned).
- Introduction to project outputs (trainers' instruction, platform).
- Presentation of participants' experience and samples of reports prepared by participants.
  - Evaluation of the Multiplier event and of the project.
  - Networking and future cooperation.
